

Tintern Fete Pricing Policy for Attractions and Entertainments 2019

Tintern Fete hosts a mix of different family activities and attractions and live music. The majority of these activities are provided by professional performers and commercial businesses who charge a flat fee to the Tintern Festivals Association (TFA) which is individually identified as a cost in our budgets and accounts. The fee is negotiated in advance and agreed by the TFA Fete Sub-Committee before a firm booking is made. Value for money is ensured by either obtaining at least two competitive quotes, or where that is not practical by benchmarking the cost of similar activities.

Occasionally, some attractions make money by charging visitors to the Fete. In this case, a one-off non-refundable charge of £100 is applied, to be paid at least 7 days in advance of date of the Fete.
